

Life Member: Patti Sullivan

Patti Sullivan joined Yankee in 1998. She has been an integral part of Yankee's field program for many years, always working at our tests, on the field committee, and as an instructor for Yankee's spring field classes.

As one of her past students, I can attest to her patience and desire to share her love of the sport with newcomers. She was incredibly kind, supportive and creative in helping people and their dogs be successful.

Patti also led the Wednesday field training group at Delaney WMA and was the keeper of the key, helping students continue their training through much of the year.
