7:00PM in Acton MA

“What is Homeopathy” Presented by Martha C. Lindsay DVM

- For what illnesses or problems can I use homeopathy?
- What is used to make a homeopathic remedy?
- How do I choose between conventional and homeopathic treatments?
- What role does nutrition play in my animal’s healing?
- Are there other treatments which can be used at the same time as homeopathy?

Martha C. Lindsay DVM owns and practices at Alternative Veterinary Services located in North Andover MA. AVS was created because she had repeatedly seen the limitations of standard medications in over 20 years of conventional small animal practice. Dr. Lindsay will be answering these questions and many more about how we can improve the quality of life of our beloved Goldens through Homeopathy!

Dr. Martha Lindsay graduated from Michigan State University in 1979 and completed a masters degree in 1980. For 21 years she practiced conventional medicine and surgery in small animals, avian and exotics in Andover, Massachusetts at a large, high quality multi-practitioner facility. In 2000 she began working in behavior medicine in Lexington, Massachusetts. She completed the ANHC Basic and Advanced Professional Homeopathy Courses and was Certified by the Academy of Veterinary Homeopathy in 2006. She regularly lectures to teach holistic medicine and animal behavior.

Meeting Location:

Acton Congregational Church, 12 Concord Road, Acton, MA 01720
